

ONEVIGOR

Content Distribution | Ad Insertion | Media Management

As the maker of PitchBlue®, the largest syndication distribution solution in the industry, Vigor is your trusted one-stop solution partner for broadcaster, cable operator, and content distributor needs. OneVigor's full suite of products offers customers scalable tools at any point of the media delivery and management chain.

WHY VIGOR?

SLEEP-ALL-NIGHT SECURITY

By proactively following security best practices from industry leaders, Vigor's proven technology for handling media allows users to know their content is secure and protected.

DELIVER YOUR CONTENT WITH CONFIDENCE

Vigor's PitchBlue is the largest TV content distribution platform in the U.S., distributing billions of dollars' worth of content via the cloud from partners such as CBS, Warner Brothers, Sony, 20th Television FOX and Deluxe to more than 1,700 local TV stations.

AD INSERTION THAT FITS YOUR NEEDS

Advertio is known for outstanding performance and reliability and with the ability to scale as you grow, allows operators to adapt their ad insertion capacity quickly and easily. With scheduling, traffic and billing reports all centralized via Vigor's intuitive software, Advertio enables users to lower operating costs to generate new local ad revenue.

SUPPORT EVERY STEP OF THE WAY

Our customer support team is actively monitoring your system, 24/7. Whether it is sending out replacement equipment or alerting you when your system starts to indicate signs of stress, Vigor is anticipating what you need before you even know you need it.

VIGOR'S SECURE MEDIA SOLUTIONS

PitchBlue®

Monitored 24/7, this platform distributes content seamlessly via satellite or terrestrial connections. The platform boasts more than a 99.7% success rate for deliveries and makes more than 800,000 air-dates per month.

Advertio®

Streamline linear ad insertion media delivery, scheduling and monitoring. Advertio has guaranteed interoperability with industry-leading ad splicers, simultaneous ad insertion on up to 100 channels, and approximately 96,000 SD/36,000 HD 30-second ad storage capacity. Available as a direct hardware purchase or cloud subscription.

Media Management

Quickly find, access and manage images, videos, PDFs, office files and the metadata that holds them all together. A trusted and proven partner for efficient and scalable inventory management of digital media assets.

Ready to tackle your most difficult media and content workflow challenges?
